CAPABILITIES STATEMENT

WHO WE ARE.

Founded in 2007, A-1 Anherma, LLC (A1 Anherma) is a certified 8(a) minority owned company headquartered in Miami, FL. We have been suppliers for the US and foreign governments for nearly a decade in CONUS and OCONUS operating locations. Our past performance consists of a proven track record which includes the US government, foreign governments, military, and national police forces. We entered the SBA 8(a) Business Development Program on October 2016; this affords us the opportunity to be more competitive in the marketplace and to partner in a mentor-protégé program to take advantage of all the benefits of our 8(a) certification.

A1 Anherma has demonstrated our ability and commitment to delivering quality services and support to our clients through experienced and motivated personnel. We have the proven ability to recruit, retain, and transition efforts at any CONUS or OCONUS location.

A1 Anherma

CORE CAPABILITIES

SUPPLY CHAIN MANAGEMENT

A1 Anherma has been awarded several contracts for Supply Chain Management tasks working as a sub-contractor with US prime contractors and prime contractor for multiple branches of the US military, and foreign forces involving the areas of expertise mentioned below. One of our biggest clients is DLA, the Defense Logistics Agency. They work closely with the US Department of Defense providing supplies to the military services and supporting their acquisition of weapons, fuel, repair parts, and other materials. A1 Anherma has supported DLA since 2016, we are able to provide expediency in sourcing critical parts. Throughout our service with multiple awards with DLA, we have supported their missions by managing several vendors and distributors for parts acquisition to support field operations, critical parts with ITAR and EAR requirements, arranged ground transportation, and support our warfighters.

Moreover, A1 Anherma, being part of a Joint Venture called Avidity Global LLC, has successfully performed delivery/task orders outside the United States, mainly in Latin American countries and Ukraine under an IDIQ contract. We provided resources including personnel, management, supplies, services, materials, equipment, facilities, and transportation necessary to provide a wide range of supplies and services as specified in each delivery/task order to support the US Department of State on the International Narcotics Law Enforcement (INL's) Foreign Assistance programs. In addition, throughout our service with multiple awards with the Directorate of Anti-Narcotics Division of the National Police Force (DIRAN), we have supported their missions by managing over 300 vendors and distributors for parts acquisition, hired technicians and quality inspectors to support field operations, imported and exported critical parts to/from South America with ITAR and EAR requirements, arranged ground, air and oceanic transportation, leased and managed the parts warehouse and inventory and were responsible for their entire distribution process.

ADMINISTRATIVE SUPPORT SERVICES

Our Administrative Support Services include operates the Personal Property Processing Office (PPPO) in accordance with DoD 4500.9-R Defense Transportation Regulation (DTR); the Joint Travel Regulation (JTR); relevant procedural and/or entitlement guidance from the United States Transportation Command (USTRANSCOM) at the US Army Garrison – Detroit Arsenal and, other sources. A1 Anherma provides accurate information concerning personal property shipments and storage, entitlements, regulations, and procedures to all customers. In addition, we perform all functions for all military and civilian customers, to include inbound and outbound counseling, processing of personally procured moves, processing requests for extension of entitlements, requesting exception to policy, advising of excess costs (i.e., overweight entitlement, special services), and assisting with claims.

We also perform records management activities including the creation, receipt, maintenance, use and disposal of records pertaining to inbound and outbound shipments. Furthermore, we coordinate submission of document shipment data and plans, maintain statistics pertaining to workload, workforce, cost, performance, and other required subjects, provide feeder data in support of programming, budgeting, fiscal management, consolidate reports, complete, review, verify, and ensure timely submission of reports (monthly, special, and recurring).

A1 Anherma

CORE CAPABILITIES

In addition, we are providing writer-editor services to support the efforts of the Workforce Management Unit, Extramural Non-Research Unit and Health Communication Science Office.

PROGRAM MANAGEMENT & LOGISTICS

Program management is a large portion of what we do at A1 Anherma. Our contracts have primarily been single award, task order driven. Although supply chain management has been a key ingredient to our success, each of our contract awards have included a large degree of managing the program or project associated with these task orders. The Army Contracting Command – Detroit Arsenal has contracted us as the program manager for the Personal Property Processing Office, A1 Anherma provides overall management of the performance of this contract including arranging suitable transportation for inbound and outbound shipments, prepares and submit key management documents (staffing plans, standard operating procedures for the management functions, technical operational procedures, quality control and required schedules), maintains an adequate workforce for the uninterrupted performance of all tasks.

In addition, the Colombian Air Force contracted us as the program manager for the technical personnel team. A1 Anherma oversaw all of the logistics required for field work in an austere and hostile job environment. We supplied all logistics including per diems for local housing, water, uniforms, tools, security equipment and special personnel needs. Our work with supply acquisition and management requires us to manage all of the logistics from PO to completion. This includes arranging suitable transportation, storage, and or/warehousing, import and export compliance, repair station or part vendor selection, weekly roll-up reporting, personnel and timelines for deliveries and returns.

STAFF AUGMENTATION SERVICES

Our staffing services support includes assessing, recruiting, interviewing, and hiring a team of project managers, office supervisors, quality control / assurance inspectors, administrative clerks, transcriptionists, writers and editors in order to respond to the business objectives and needs. A1 Anherma prepared the compensation packages, arranged for all local logistics in the field including supplies, equipment and materials, medical and workman's compensation insurance, and training. We also prepared weekly assessments and performance evaluations for the client.

CONSTRUCTION

A1 Anherma has the capacity to provide design/build, general contracting and/or construction management services for Federal Agencies. Our construction team members include project managers, superintendents and laborers who have executed hundreds of Federal projects successfully over the past years. We provide a full spectrum of construction capabilities in general and sub-contracting from site preparation and heavy civil contracting to interiors construction and fit out with electrical and data systems upgrades. This includes adherence to all regulations and facility security requirements, while delivering site specific and client centric safety and Quality Assurance to our clients' unique needs and challenges. Flawless work, safety, customer satisfaction, and timeliness are the hallmarks of our contracting. In this ever-continuing focus, we provide seamless execution of

CORE CAPABILITIES

projects on Schedule and to the satisfaction of all parties involved.

The GSA has contracted A1 Anherma to design and build two private offices at the Department of Homeland Security (Brickell Plaza), Miami, Florida. Moreover, the design and construction of the 4th Floor Judges Conference Room at the US Federal Building & Paul Rogers Courthouse, West Palm Beach, Florida and the design and construction of the EVSE Charging Station at Claude Pepper FB, Miami, Florida. We provided all labor, supervision, materials, and equipment necessary for the design and construction of these two private offices, and the conference room and we are still providing the construction services for the EVSE charging station. In addition, we provided all personnel, equipment, supplies, facilities, transportation, tools, materials, supervision, and other incidental items necessary to perform Executive Conference Room renovations at JGL Bldg. 100 W. Oglethorpe Ave. Savannah GA. 31405 for the United States Army Corps of Engineers (USACE).
