CURRENT AND PAST CLIENTS

The Mission and Installation Command Center (MICC) – Sanitary Sewer Inspection, Fort Detrick, MD - The project was to video camera (Closed-circuit television) the sanitary sewer lines/sewer main from the Installation (Fort Detrick) to the Wastewater Treatment Plant (WWTP) for investigative purposes. This is to detect the lines/mains that have any root blockages, structural integrity and failure, cracks or puncture in the pipes, corrosion, uneven or unaligned pipes, excessive grease build-up, hidden leaks, bellied sections, root growth, damaged or crushed pipes, leaking joints, misaligned pipes, failing pipes, flaws, etc. Utilized software to provide complete survey\ reports, inspection database, and linked media files.

NPS, WASO – WCP Contracting – HVAC Equip Replacement, Historic Preservation Training Center (HPTC) – Project was to replace HVAC equipment at the Historic Preservation Training Center's (HPTC) Operations Facility. The HVAC equipment was Air Handling Unit (AHU) #1 AC coil and condensing unit and AHU #3 furnace, AC coil and condensing unit. **(Historic Building)**

National Park Service (NPS), Frederick, MD – Gambrill Mill Remodel – The project consisted of removal and installation of exterior and interior doors, and removal of the existing carpet and vinyl sheet laminate and installation of new vinyl laminate flooring. **(Historic Building)**

The Mission and Installation Command Center (MICC); Bldg. 693 Chiller Repairs – The project consisted of repairing chillers for Bldg. 693 for the US Army Garrison (Fort Detrick, MD). Work included but not limited to demolition, removal, disposal and replacement of the existing heating, ventilation, and air conditioning (HVAC) systems, including the associated electrical and structural work to accommodate the HVAC systems' removal.

The Mission and Installation Command Center (MICC), Fort Belvoir, VA; 123 Gate Security Upgrade (Arlington National Cemetery) – The project consisted of an upgrade to the security shack at the Arlington National Cemetery (ANC).

USA MED Research ACQ Activity (USAMRAA), Fort Detrick, MD; Snow Removal and Ice Removal Services – Provided Snow and Ice Removal Services to the U.S Army Medical Research Acquisition Activity (USAMRAA).

US Army Contracting Command, New Jersey; Refuse and Recycling Services – Providing refuse collection and recycling services to various US Army Reserve Centers.
