

## Delivering Best Value Facilities and Logistics Solutions to DoD, Federal, and Civilian Customers

Day-to-day facilities and base level logistics operations and management is the heart and soul of any facility, base, or campus complex.

It sustains mission readiness and ensures quality of life by maintaining high value assets and operations at peak performance. Successfully managing these operations requires a team proven exceptional at meeting these high expectations while accurately forecasting, managing, and aggressively controlling costs. This is how Akima Facilities Operations defines best value. It is what we deliver to our customers every day.

### The AFO Difference

#### Maintain Continuity of Operations Under All Conditions

AFO has the subject matter experts, project managers, craft labor skills, and depth in corporate reach-back to successfully integrate all aspects of facilities and logistics operations and management into seamless solutions executed with precision and excellence. This includes building and structures maintenance, vehicle equipment operations and maintenance, ground and surface area maintenance, warehouse operations, materiel management, shipping and receiving, inventory control, plant operations, data management, protective and life safety services, and more—all continuously measured by the most rigorous outcome-based performance metrics.

**The result:** Our customers maintain continuity of operations under all conditions while being freed to focus on their core mission.

## About Akima Facilities Operations

AFO is an SBA-certified 8(a) Alaska Native Corporation (ANC) and a wholly owned subsidiary of Akima. Headquartered in Herndon, Virginia, Akima supports a network of over three dozen socioeconomically disadvantaged small businesses through an innovative shared services model that provides business processes and shared back-office support at a level akin to that found in a Fortune 500 federal contractor. This enables Akima's portfolio of companies to operate as a small business in terms of autonomy, customer interaction and decision making, while receiving support from an organization with more than 30 years of experience working with the federal government.
