Vested Metals is a specialty metals raw material supplier with decades of experience specializing in hard to find alloys, grades, and sizes. We also stock various grades that we can offer competitively such as stainless steels, titanium, alloy steels, tool steels, aluminum, and high temperature alloys. 8(a)/MOSB/SDB/DBE/ISO-9000/AS9100

WHAT WE DO

- Supply hard-to-find grades, forms, and sizes of specialty metal alloys
- Waterjet and production bar cutting, heat treating, grinding, and metallurgical consulting
- Wide varieties of titanium, nickel based and low alloy steels immediately available for shipment
- Stainless steel bar and flat bar from stock
- Carbon steel plate supplier
- JIT and stock release programs
- DFARS/ITAR compliant

WHO WE ARE

- ISO 9001:2015 certified
- AS9100D certified
- QSLD and DBE certified
- 8(a) certified
- Serving the aerospace, defense, space, medical, energy, marine and industrial markets
- DUNS#: 079597943
- CAGE#: 78MA0
- NAICS CODES (commonly supported):
 - 423510, 331110, 331221, 331315,
 - 332312, 332313, 332322, 332323,
 - 332710, 332813, 541330, 236220
- FSC CODES: 4710, 9510, 9515, 9535

VALUED CUSTOMERS

END PRODUCT UTILIZATION

- ❖ Corrosion resistant industrial applications
- ❖ High performance racing components
- ❖ Defense, Military, & Aerospace parts
 - ❖ Orthopedic medical devices
 - ❖ Gas lines & geothermal wall casings
- ❖ Automotive engine components & parts
