

8(A) CERTIFIED TRIBAL ENTERPRISE

Tailor made solutions for complex programs with the ease of acquisition.

Makwa Global (pronounced: 'mahk-wah") is a tribally owned enterprise.

Our portfolio of SBA 8(a) and HUBZone certified companies deliver services and solutions with a strategic approach and superior dedication to our customers. The Makwa Global portfolio offers capabilities and experience in IT, cybersecurity support, logistics, program evaluation, training support solutions, and construction services to government entities.

CAPABILITIES

IT & CYBER SUPPORT SERVICES

Software Development Design/Lifecycle
Agile Software Development & Support
DevOps and DevSecOps
Web Development & Design
Risk Management Framework
Cyber Policy & Program Support
Network Operations
Enterprise Architecture
System Administration
Cybersecurity

TRAINING SUPPORT SERVICES

Exercise Planning & Execution
Exercise Evaluation
Critical Response Team (CRT)
Crisis Management
Evidence Collection/Processing
Tactical Training
Weapons/Equipment Training
Curriculum Development Support
Course Material Management

LOGISTICS SUPPORT

Supply Chain Management
Project & Event Management
Transportation Services
Domestic & International Travel
OCONUS Logistics & Life Support Services
Language/Interpreter Services
Equipment Inventory
Fulfillment
Dispatch Services

MISSION SUPPORT SERVICES

Program Management
Program Analysis and Evaluation
Administrative Services
Technical Writing/Content Development
Policy Support
Outreach Services
AV/VTC Support Services
Staff Augmentation/Human Capital Support
Construction Management
Energy/Sustainability Services

Makwa Global Proprietary Information

BUSINESS FOUNDATION INFLUENCED BY TRIBAL CULTURE

Nestled on the edges of Mille Lacs Lake in East Central Minnesota, the Mille Lacs Band of Ojibwe has called this region home since 1745. Determined, proud, and resourceful as a people, they have preserved their rich culture for hundreds of years.

As the federal subsidiary of Mille Lacs Corporate Ventures (MLCV), Makwa Global leverages the reach back to resources of its parent company and brings world-class solutions to customers. MLCV owns over 30 businesses worldwide, employs nearly 6,000 people, and is the 40th largest employer in Minnesota. Makwa is proud to represent the Mille Lacs Band of Ojibwe.

REPRESENTATIVE PROGRAMS

USSOCOM SOF AT&L PEO-FW AC/MC-130J Agile Software Support and Development (IT & Cybersecurity)

Makwa Global serves as the prime contractor for PEO Fixed Wing in support of the USSOCOM AC/ MC-130J Agile Software Support and Development program. Makwa supports the Systems Integration Lab (SIL) with agile software solutions and capabilities across the AC-130J and MC-130J aircraft. Our team offers support capabilities specializing in Agile Engineering Management (AEM) and engineering support, software development, cybersecurity, and test expertise, as well as streamlining integration efforts.

US Army Cybersecurity and Network Operations Mission Support (ADCNOMS) (IT & Cybersecurity)

Makwa Global supports GDIT in providing IT and Cybersecurity support to the Network Enterprise Technology Command (NETCOM), United States Cyber Command (USCYBERCOM), Army Cyber Command (ARCYBER). Makwa Global provides engineering support to the Army's most critical communication networks, specifically focused on planning, design, development, engineering, integration, testing and implementation, and technical/operational support. Makwa performs Change, Configuration, and Release Management (CCRM), and support Enterprise Technical Procedures (ETPs) for system and component upgrades. Makwa provides expertise on policy development, implementation and reporting of ACAS global implementation capabilities.

HHS Grants.gov Information Technology Services (IT & Cybersecurity)

Makwa Global supports MicroHealth in providing IT and Cybersecurity support to Health and Human Services to host, operate, maintain, support, enhance, and modernize the Grants.gov system. Makwa Global provides software development with our UI/UX Design and Development team. Makwa oversees the comprehensive management and modernization of Grants.gov, including platform management, operations, maintenance, and ongoing enhancements. This involves both the application and associated forms, with a focus on modernizing major system components at both platform and application levels.

DoS Counterterrorism Practical Evaluation and Exercise Program (P2E) (Training / Logistics / Mission Support)

Makwa Global served as the prime contractor providing an innovative capability that pairs targeted practical capstone exercises with performance evaluations. Makwa's responsibilities include pairing performance evaluations with real-time exercises, so that the exercise has the dual effect of building capacity while measuring it. We provide actionable data to validate capabilities, user-friendly products to effectively communicate findings to stakeholders, and recommendations to shape future assistance. Makwa provides SMEs for deployment overseas, logistics management, travel coordination, and research and planning. This program affords decision makers with the data they need to determine future programming, train Partner Nation law enforcement and security force units, and measure impact at the strategic level.

DoS Antiterrorism Assistance (ATA) DS Overseas Support Services (Training / Logistics / Mission Support)

Makwa Global serves as the prime contractor to support country-specific training and equipment to foreign law enforcement and security organizations to enhance their capacity to detect, deter, counter, and investigate terrorist activities. Makwa provides operational, programmatic, logistics, and administrative support services to over 20 concurrent programs deploying for assignments. In each of the assigned countries, Makwa coordinates all activities, conducts personnel movement, material shipping, and manages the country implementation plan. Our in-country SMEs establish, monitor, measure, and report on quality assurance/quality control initiatives and support the development and implementation of risk management programs.

DoS Foreign Emergency Support Team (FEST II) (Training / Mission Support)

Makwa Global serves as the prime contractor to support FEST II, the U.S. government's only inter-agency, on-call, short-notice team that can rapidly respond to critical incidents worldwide. Makwa provides program management and administrative support to the Bureau of Diplomatic Security (DS) High Threat Programs Directorate (HTP). Our team of specialized experts support and advise DS concerning policy, implementation, program execution, human resources, technical security, administrative management, and allocations of resources. Makwa deploys overseas to advise and coordinate U.S. government crisis response activities.

DoS INL Criminal Justice Expertise Program (CJEP) (Training / Logistics / Mission Support)

Makwa Global serves as the prime contractor to support INL enabling best practices in the criminal justice sector into standardized project packages for use globally. Makwa's responsibilities include identifying, recruiting, staffing, and deploying subject matter experts overseas and domestically. They provide relevant experience and training to mentor, advise, and deliver technical assistance to foreign criminal justice, law enforcement, and other governmental agencies. Makwa provides administrative, program design, and monitoring and evaluation expertise to overseas INL sections and their foreign partner agencies.

DoS Overseas Training Facility Management (OTFM) (Training / Logistics / Mission Support)

Makwa Global is the prime contractor for the U.S. Department of State's Overseas Training Facility Management (OTFM) contract. Our responsibilities include delivering comprehensive administrative support services, procuring equipment and supplies, constructing temporary facilities, and providing critical OCONUS training facility support. Additionally, we ensure the necessary staffing to maintain seamless operations, facilitating the success of U.S. government missions overseas.
