CONTRACT AWARD SUMMARY

GSA OASIS+ CONTRACT SUMMARY

The OASIS+ is designed to be a “best-in-class” collection of multiple-award IDIQ contracts which can be used by Federal Agencies to acquire innovative solutions from highly qualified businesses.

STREET LEGAL AWARDED DOMAINS

Management and Advisory Domain

8 NAICS · CLINS Codes Preapproved for Use

Includes a full range of management and consulting services that can improve a federal agency’s performance, aid its endeavors to meet mission goals, and provide operating advice and assistance on administrative and management issues.

Technical and Engineering Domain

15 NAICS · CLINS Codes Preapproved for Use

Includes requirements to provide specific engineering, geoscience, or other technical professional skills, such as those performed by engineers, geologists, geophysicists, and technicians, required to handle specific operating conditions and problems for the benefit of the government.

Environmental Domain

11 NAICS · CLINS Codes Preapproved for Use

Requirements typically involve multidisciplinary teams of scientists, engineers, and other technicians with expertise in areas such as air and water quality, climate change, asbestos contamination, remediation, ecological restoration, and environmental law. Environmental consulting could consist of support such as Planning and Documentation Services for the development, facilitation, and coordination of or for environmental initiatives or mandates in areas of chemical, radiological, or hazardous materials.

Facilities Domain

26 NAICS · CLINS Codes Preapproved for Use

Services include all services required to maintain and operate buildings, paved services, utilities infrastructure, and real property assets and equipment. This could include major facilities support such as hospitals, cemeteries, and other federal or industrial real property, but does not include major or primary purpose construction.
