Capability Statement

www.millsmarineshiprepair.com

Mills Marine is a flexible and agile small business that provides a broad spectrum of work ranging from professional services to industrial support. Mills Marine became a member of the Virginia Ship Repair Association in March 2012 and is a viable subcontractor for many of the larger prime contractors supporting the ship repair industry in the Hampton Roads region. Utilizing our in-house experience and vast pool of potential hires, Mills Marine has demonstrated the ability to meet the contractual needs of federal and commercial agencies, consistently providing customers with the highest quality services and bringing benefit to every contract.
