## Past Performance

**NSWC Dahlgren Division Property Accountability Support (PAS) Services | Value: \$7,255,779**  
**Contract #: N0017819D7705 / N6572621F3000 | Period of Performance: 05/17/2021 – 05/16/2026**

We offer comprehensive logistics capabilities, including warehouse management, material receipt/inspection, storage, issuing, shipping, and disposition support. Our expertise encompasses packaging, crating, discrepancy reporting (TDRs/SDRs), inventory management, material movement/analysis, COSIS, re-warehousing, and assembly/maintenance of storage aids. Services extend to PPP&M, kitting, shelf-life management, N-ERP, WebFLIS, Haystack, causative research, and eRMS. We ensure streamlined operations with robust customer support and innovative solutions tailored to diverse logistical requirements.

**US Department of Agriculture FNS Help Desk and Testing Services | Value: \$4,854,790**  
**Contract #: 12314423C0018 | Period of Performance: 03/30/2023 – 03/29/2028**

We provide expert project management, helpdesk support, and USDA Food Applications services. Our testing support includes developing test cases/scenarios, staging data, conducting system tests, and creating comprehensive test plans. Additionally, we offer robust training and communication solutions, ensuring seamless knowledge transfer and collaboration. With a focus on precision and efficiency, our capabilities are tailored to meet diverse operational and technical needs.

**US Coast Guard RDC Administrative and Technical Services | Value: \$4,174,790**  
**Contract #: 70Z02324DRD000001 | Period of Performance: 09/19/2024 – 09/18/2029**

We deliver diverse capabilities across information services, technical editing/writing, project planning, and technical documentation. Our expertise includes video production, public relations, economic impact studies, and internet/cloud content. We excel in presentations, position papers, graphics, audio/visual system services, and property management. We support classified information handling, reception, clerical services, shipping, file management, and publishing. From analyzing data to preparing materials, we ensure compliance, professionalism, and tailored solutions to meet mission-critical needs.
